Poly Studio X72 & TC10
Large Room

Made for big rooms and even bigger ideas
Don't let the size of the room slow your team down during hybrid meetings. Easily set up the Poly Studio X72 all-in-one video bar with AI-enhanced video and audio technology, seamless scalability, and flexibility to join nearly any cloud video call.

Everyone is seen. Every voice is heard.
Ensure everyone feels included and make communication effortless with the built-in AV AI technology in this all-in-one video bar.

Easily scale up to meet your needs
Outfit larger rooms to ensure everyone's captured with this all-in-one video bar. Simply add Poly peripherals[1] to enhance every meeting experience.

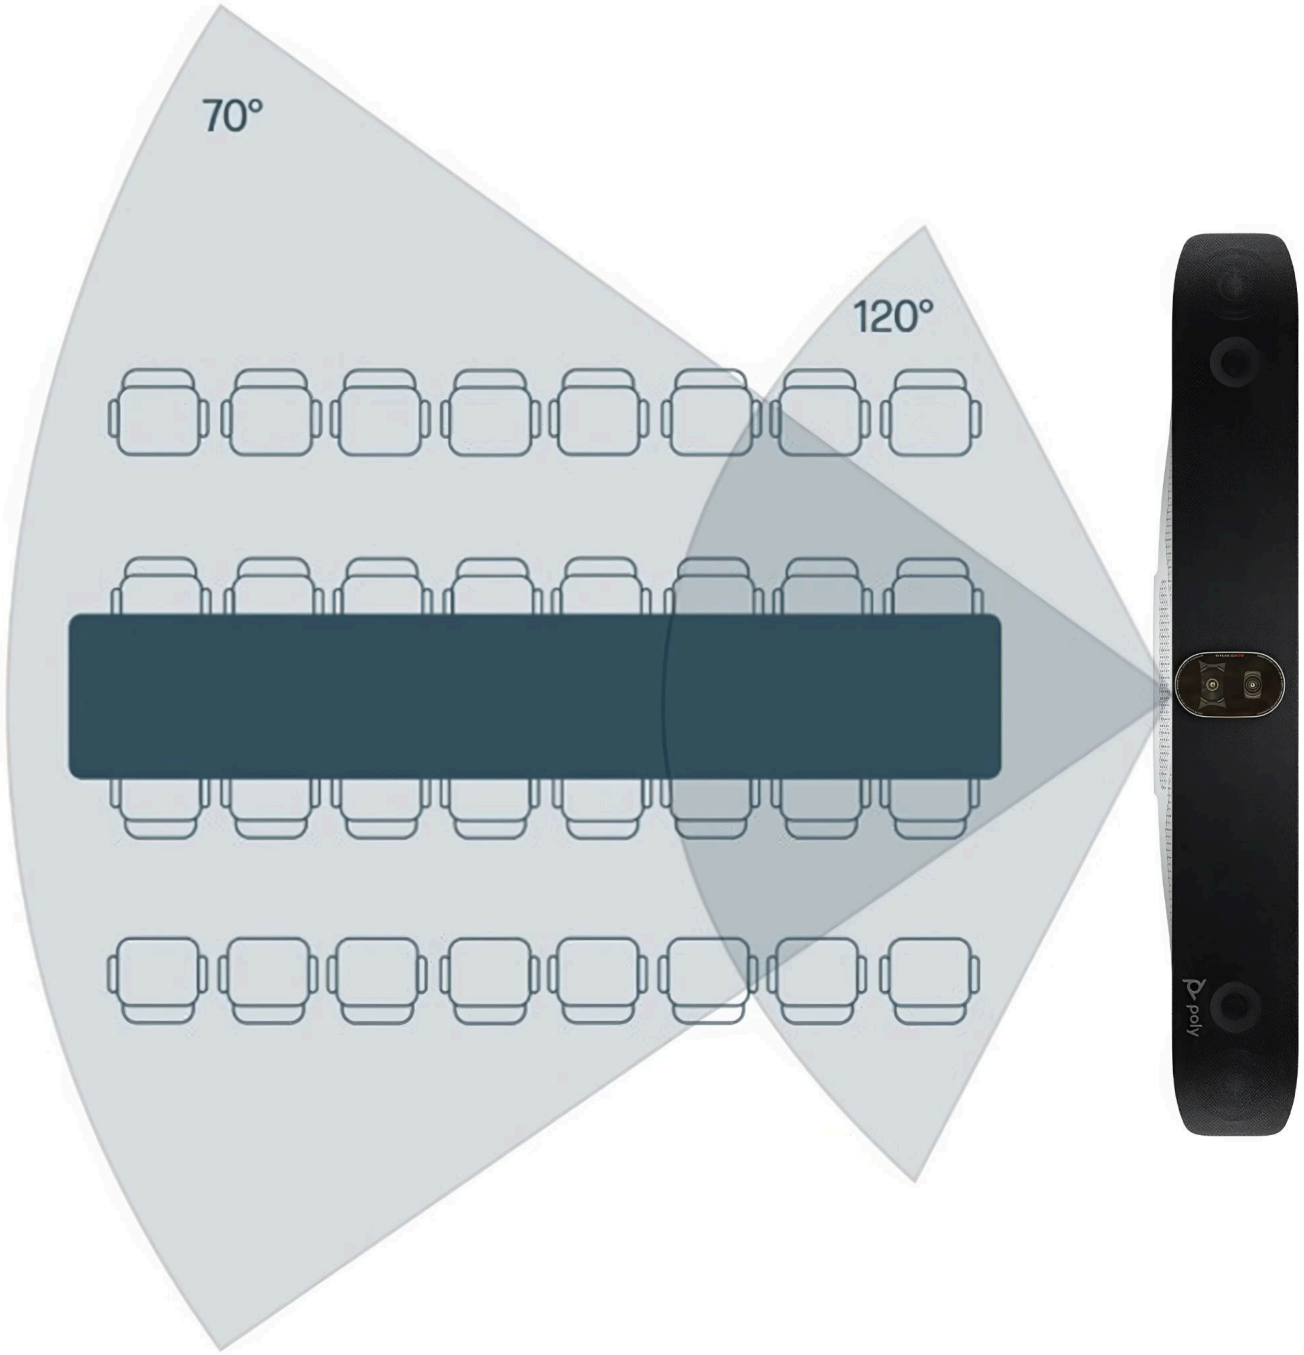

Simple to use and manage
Enjoy hassle-free connections and easy setup with the Poly Studio X72 video bar, featuring an all-in-one design and native cloud video experience.

1. Supported Poly peripherals include the following Poly cameras: Poly Studio E360, Poly Studio E60, and Poly Studio E70. Poly audio includes Poly Studio Table Microphone, pending regional availability and sold separately.

Product availability may vary by region, check with your local HP team for more details.

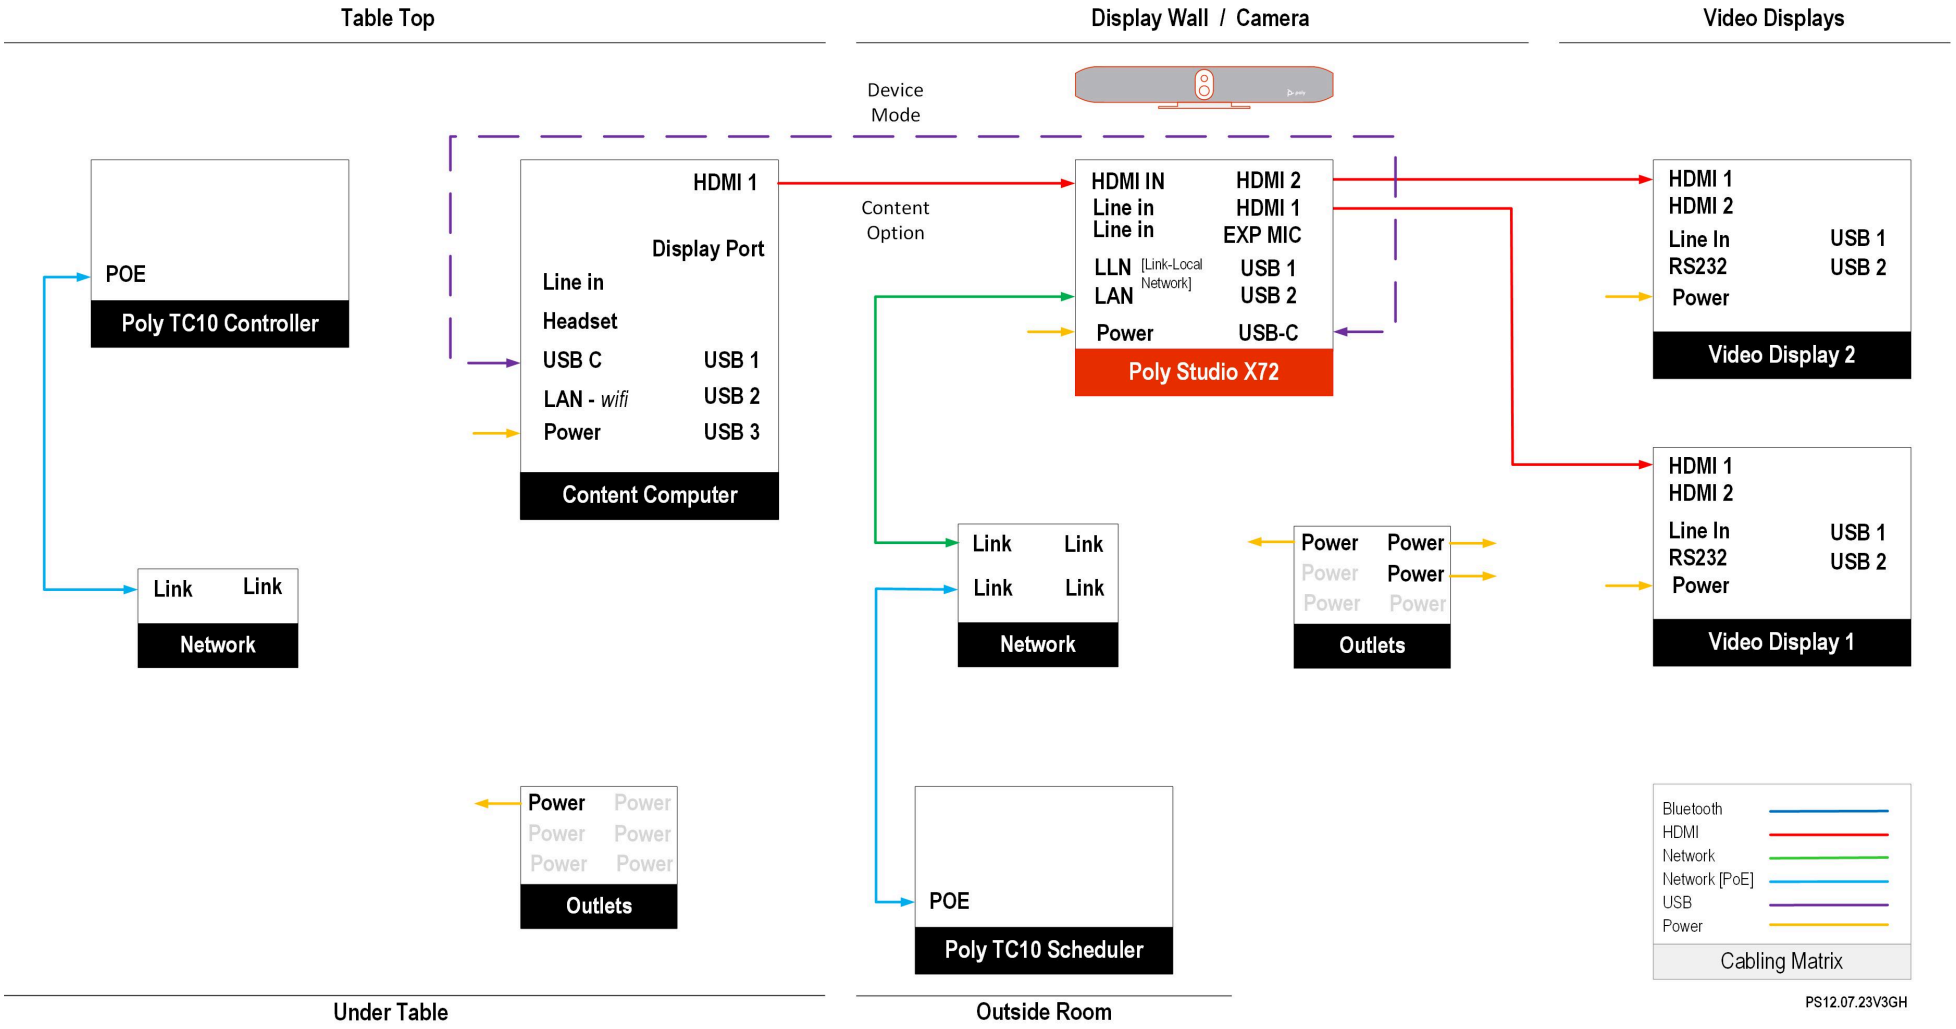

Poly Studio X72 & TC10
